SUBJECT: BLUE LANTERN LEVEL 3: POST-SHIPMENT END-USE CHECK
ON LICENSE 050104138

REF: 2006 BLUE LANTERN GUIDEBOOK

11. This is an Action Request. See paragraphs 2-4.

12. The Department's Office of Defense Trade Controls Compliance (PM/DTCC) requests Post's assistance in conducting a post-shipment check on license 050104138 for the export of International Traffic in Arms (ITAR)-controlled harness cable assembly to Japan. Post is requested to complete this Blue Lantern inquiry within 45 days. Lack of response to a Blue Lantern inquiry will affect pending and future licenses involving parties to this license.

13. Reason for request: No documentation from End-User Japan Defense Agency; PM/DTCC has reason to believe that watchlisted entity Korean Aerospace Industries (KAI) may have been involved in the upgrade on the US-1 aircraft without USG authorization.

14. ACTION: The Department requests that Post make inquiries with the Japan Defense Agency and Shintoa Corporation to confirm that the United States Munitions List (USML) items listed below have been received in full and that they are being used for the purpose stated on the license. Inquire specifically about KAI's possible role in the transaction, and determine if other entities not listed on the license were party to the transaction.

END ACTION.
